

**International Congress / Congrès international / Internationale Fachtagung
Château de Châtelperron, Châtelperron (Allier, France), 26. – 27.05.2020**

Châtelperron, the Châtelperronian and the Aurignacian of the Swabian Jura

Scientific head / Directeur scientifique / Wissenschaftliche Leitung:
Prof. Dr. Harald Floss (Eberhard Karls Universität Tübingen)

Present state of the program / programme préliminaire / vorläufiges Programm

Thursday, 26th May

8:30h Opening of the conference office / Accueil / Anmeldung

9:00h Welcome / La Bienvenue / Begrüßungsworte: *Representatives of the French & German LEADER groups: communauté d'agglomération de Moulins (France) & Brenzregion (Germany); Communauté de communes Entr'Allier Besbre et Loire; Commune de Châtelperron; DRAC, S.R.A. Auvergne-Rhône-Alpes; scientific head of the conference*

9:30h Session I: Basics of Palaeolithic archaeology in the Châtelperron area (Centre, Auvergne-Rhône-Alpes, Allier) and new investigations at the Châtelperronian type site

(20 min per talk + 10 min discussion)

9:30h – 10:00h Jean-Paul Raynal (Bordeaux): From one humanity to another in Auvergne and Velay, the illusion of the centre

10:00h – 10:30h Vincent Delvigne (Liège), Paul Fernandes (Bordeaux), Michel Piboule (Grenoble), Raphaël Angevin (Clermont-Ferrand), Jean-Paul Raynal (Bordeaux): The "other" flint - evolutionary chains and litho-spaces; shared approaches and case studies in the Massif Central

10:30h – 11:00h Coffee break / Pause-café / Kaffeepause

11:00h – 11:30h Heike Würschem (Tübingen) & Harald Floss (Tübingen): The Châtelperronian of Châtelperron (Allier)

11:30h – 12:00h Raphaël Angevin (Clermont-Ferrand), Xavier Derobert, Elisabeth Lacoste & Sérgio Palma Lopes: Sixty years later, coming back to Grotte des Fées at Châtelperron. A new research program on a key site of the Middle to Upper Palaeolithic transition in the Centre of France

12:00h Session II : The Châtelperronian of Eastern France

12 :00h – 12 :30h Nelly Connet (Poitiers): The lithic châtelperronian industries of the Grotte du Renne (Arcy-sur-Cure, France) subjected to taphonomic criticism.

12:30h – 14:00h Short visit of the Préhistorama Châtelperron & Lunch break / Déjeuner / Mittagessen: Restaurant La Grotte aux Fées, la Gare, 03220 Châtelperron

14:00h – 14:30h Heike Würschem (Tübingen) & Harald Floss (Tübingen): New insights on two very similar Châtelperronian cave sites in Eastern France: Châtelperron (Allier) and Germolles (Saône-et-Loire)

14:30h – 15:00h Pierre Bodu (Paris): The Châtelperronian layer of Ormesson (Seine-et-Marne)

15:00h – 15:30h Agnes Lamotte (Lille) & Heike Würschem (Tübingen): Presence of the Châtelperronian in the Haute-Saône region and in Trou de la Mère Clochette (Rocheft-sur-Nenon, Jura)?

15:30h – 16:00h Coffee break / Pause-café / Kaffeepause

16:00h – 16:30h Robin Andrews (Tübingen): A critical evaluation of the Châtelperronian osseous industry

16:30h Session III: The Châtelperronian in the Western parts of France

16:30h – 17:00h François Bachellerie (Colmar): The Châtelperronian in the Aquitaine region

17:00h – 17:30h Laurent Chiotti (Les-Eyzies-de-Tayac) & Morgan Roussel (Leiden): New insights on the La Ferrassie Châtelperronian from the 2010-2015 excavations

17:30h – 18:00h Brad Gravina (Bordeaux), Francois Bachellerie, Emmanuel Discamps, Jean-Philippe Faivre, Aline Galland, Alexandre Michel, Nicolas Teyssandier et Jean-Guillaume Bordes: What can we say today about the Châtelperronian at La Roche-à-Pierrot, Saint Césaire?

18:00h – 19:00h Hands-on session on Châtelperronian lithic & osseous industries (can be continued on the 27th)

19:00h – 19:45h Public evening talk (in French): Nicholas J. Conard & Harald Floss (both Tübingen): L'art aurignacien du Jura souabe, patrimoine de l'UNESCO

From 20:15h Conference dinner / Réception avec buffet dinatoire / Abendempfang: Château de Beauvoir, 03290 Saint-Pourçain-sur-Besbre

Friday, 27th May

Session III continued: The Châtelperronian in the Western parts of France

9:00h – 9:30h Mickael Baillet (Bordeaux): The Châtelperronian settlement and techno-economical systems: a functional point of view

9:30h – 10:00h Morgan Roussel (Leiden): The Châtelperronian from Center-West of France and its relations with the Early Upper Palaeolithic. A technological approach.

10:00h – 10:30h Walter Mancini (Leiden): A preliminary techno-functional study of bone tools from the Châtelperronian site 'La Grande-Roche-de-la-Plematrie', Quinçay, France

10:30h – 11:00h Coffee break / Pause-café / Kaffeepause

11:00h – 12:30h Visit of the Grotte des Fées, the Châtelperronian type site (Heike Würschem & Raphaël Angevin)

12:30h – 14:00h Lunch break / Déjeuner / Mittagessen Restaurant La Grotte aux Fées, la Gare, 03220 Châtelperron

14:00h Session IV: The Châtelperronian and contemporary industries in Central & Southern Europe

14:00h – 14:30h Joseba Rios-Garaizar (Burgos) & Yvonne Tafelmaier (Tübingen): An updated view on the Châtelperronian of Northern Iberia

14:30h – 15:00h Armando Falcucci (Tübingen): The Protoaurignacian in Southern France and Northern Italy (Fumane et al.)

15:00h Session V: The Aurignacian of the Swabian Jura. Technological confrontations with Western Europe

15:00h – 15:30h Guido Bataille, Michael Bolus & Nicholas J. Conard (Tübingen): The variability of lithic technology during the Aurignacian from the Swabian Jura in the light of actual investigations

15:30h – 16:00h Coffee break / Pause-café / Kaffeepause

16:00h – 16:30h Heike Würschem, Guido Bataille & Benjamin Schürch (Tübingen): A comparison of Châtelperronian and Aurignacian blade and bladelet production concepts

16:30h – 17:00h Sibylle Wolf (Tübingen): Personal ornaments of the Swabian Aurignacian in comparison with Aurignacian beads of Western and Central Europe

17:00h Session VI: Who is the maker of the Châtelperronian ?

17:00h – 17:30h Marie Soressi (Leiden): A synthetic view on recent approaches of Châtelperronian human fossils analysis (proteomics, genomics, sediment DNA, isotopic analysis)

17:30h – 18:00h Jacques Pelegrin (Paris, président d'honneur du colloque): Anthropological aspects of the Chatelperronian phenomenon

18:00h – 18:30h Final discussion & farewell / Clôture / Abschlussdiskussion
